WHAT WE DO

OUR APPROACH

ABOUT MR. BOONSTRA

We are a studio that thinks and makes for brands and agencies. We offer concept development, creative direction, (social) campaigns, film production, photography and (brand) design. From concept to execution, all delivered under one roof. Fun, well made.

Our approach is medium independent. We look for the best idea and the best way to execute that idea. We believe advertising is an art form. We tailor our team to optimize the execution. We are a modular boutique that makes recognisable work that sticks.

Mr. Boonstra is quoted to be "The best Art Director in The Netherlands". Mr. Boonstra is a polymorph multimedia artist working in the fields of fashion, art and commerce. He worked at some of the best agencies in the world. He is 6'6", just as tall as Michael Jordan.
